

INSTEP

Master of Teaching (Secondary)

DESCRIPTION

The in-School Teacher Education Program (INSTEP) is a compulsory requirement for all UNSW Master of Teaching (Secondary) Teacher Education Students (TES) in the first year of their program. It aims to develop a deeper understanding of the NSW educational environment and an accelerated development of teacher knowledge and skills through an integrated program of theory and practice which involves weekly interaction with students and teachers in schools. Through INSTEP TES will not only observe and interact with a diverse range of students with varying educational needs but will participate actively in teaching and learning in one high school in NSW. INSTEP is designed as a bridge into supervised professional experience, which takes place at the end of School Term 2 in Year 1 and the beginning of the School Term 1 in Year 2.
