Summary of the course

This course will give you a solid foundation in the principles of business law. The course covers a wide range of topics including contracts, torts, and property law. The course is designed to provide you with the knowledge and skills necessary to understand and apply the law in a business context. The course is taught by a highly qualified and experienced professor who will provide you with a comprehensive overview of the subject matter. The course is also designed to be interactive, with a focus on case studies and practical applications. The course is a required component of the Business Administration program and is highly recommended for all students in the program. The course is taught in a lecture format and includes a variety of assignments and activities to help you learn and understand the material. The course is a great way to gain a solid foundation in the principles of business law and to develop the skills necessary to succeed in a business career. The course is also a great way to gain a better understanding of the legal system and how it applies to business. The course is a must for any student who is interested in business law and who wants to gain a solid foundation in the subject matter. The course is a great way to learn about the law and how it applies to business. The course is a must for any student who is interested in business law and who wants to gain a solid foundation in the subject matter. The course is a great way to learn about the law and how it applies to business. The course is a must for any student who is interested in business law and who wants to gain a solid foundation in the subject matter.

4. Course schedule

Wk	Topic	Date	Suggested Readings	Lectr
----	-------	------	--------------------	-------

5. Assessment

Assessment overview

Assessment	Length	Weight	Learning outcomes assessed	Assessment criteria	Due date and submission requirements	Marks returned
Mid-Semester Exam	2 hours	25%	1,2,3	All course content from weeks 1-6	Week 7, September 5, in-class	Week 9
Assignment	Less than 10 pages (content only, excluding title, bibliography etc.)	25%	1,2,3,4			

It is your responsibility to ensure that your calculator is of an approved make and model, and to obtain an “Approved” sticker for it from the School Office or the Engineering Student Centre prior to the examination. Calculators not bearing an “Approved” sticker will not be allowed into the examination room.

Special consideration and supplementary assessment

For details of applying for special consideration and conditions for the award of supplementary assessment, see the School [intranet](#), and the information on UNSW’s [Special Consideration page](#).

7. Course evaluation and development

Feedback on the course is gathered periodically using various means, including the Course and Teaching Evaluation and Improvement (CATEI) process, informal discussion in the final class for the course, and the School's Student/Staff meetings. Your feedback is taken seriously, and continual improvements are made to the course based, in part, on such feedback. This course is under constant revision in order to improve the learning outcomes for the students. Any constructive feedback would be greatly appreciated and can be communicated to the lecturer in charge.

In this course, recent improvements resulting from student feedback include changes to lecture topics, and inclusion of more guest lecturers to speak about their field of expertise.

8. Academic honesty and plagiarism

UNSW has an ongoing commitment to fostering a culture of learning informed by academic integrity. All UNSW students have a responsibility to adhere to this principle of academic integrity. Plagiarism undermines academic integrity and is not tolerated at UNSW. *Plagiarism at UNSW is defined as using the words or ideas of others and passing them off as your own.*

Plagiarism is a type of intellectual theft. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement. UNSW has produced a website with a wealth of resources to support students to understand and avoid plagiarism: student.unsw.edu.au/plagiarism The Learning Centre assists students with understanding academic integrity and how not to plagiarise. They also hold workshops and can help students one-on-one.

You are also reminded that careful time management is an important part of study and one of the identified causes of plagiarism is poor time management. Students should allow sufficient time for research, drafting and the proper referencing of sources in preparing all assessment tasks.

If plagiarism is found in your work when you are in first year, your lecturer will offer you assistance to improve your academic skills. They may ask you to look at some online resources, attend the Learning Centre, or sometimes resubmit your work with the problem fixed. However more serious instances in first year, such as stealing another student's work or paying someone to do your work, may be investigated under the Student Misconduct Procedures.

Repeated plagiarism (even in first year), plagiarism after first year, or serious instances, may also be investigated under the Student Misconduct Procedures. The penalties under the procedures can include a reduction in marks, failing a course or for the most serious matters (like plagiarism in an honours thesis) even suspension from the university. The Student Misconduct Procedures are available here:

www.gs.unsw.edu.au/policy/documents/studentmisconductprocedures.pdf

Further information on School policy and procedures in the event of plagiarism is available on the [intranet](#).

9. Administrative matters

All students are expected to read and be familiar with School guidelines and policies, available on the intranet. In particular, students should be familiar with the following:

- [Attendance, Participation and Class Etiquette](#)
- [UNSW Email Address](#)
- [Computing Facilities](#)
- [Assessment Matters](#) (including guidelines for assignments, exams and special consideration)
- [Academic Honesty and Plagiarism](#)
- [Student Equity and Disabilities Unit](#)
- [Health and Safety](#)
- [Student Support Services](#)
