OPINION

tending students who are out of sheer physical or mental exhaustion are forced to throw in the towel.

The only solution to this problem is the one

sensible detective will do is to look by some qualifications demands such

as the general reduction of

ing this article, but I think that it must be written, so write it I shall. I think nothing entirely new for a matter of fact, but by way of an attempt to bring it out into the open instead of hearing it spread around our by word of mouth.

The Bureau published by the Congress of Industrial Organizations, U.S.A., in its issue No. 11, for 1946, gives interesting data re-

the policy of the S.I.C. Union and that the brains of the younger students means a

from the

The first of these is the fact that the United States is the only major power in the world which has not yet taken any effective steps to bring about a general and complete disarmament of the world. This is a serious and dangerous situation, and it is the duty of the United States to take the lead in bringing about a general and complete disarmament of the world. The United States should take the lead in bringing about a general and complete disarmament of the world.

The second of these is the fact that the United States is the only major power in the world which has not yet taken any effective steps to bring about a general and complete disarmament of the world. This is a serious and dangerous situation, and it is the duty of the United States to take the lead in bringing about a general and complete disarmament of the world. The United States should take the lead in bringing about a general and complete disarmament of the world.
