- III. Approval of Minutes
  - x MSC (M. Sanidad/D. Stuckey). 1 abstention member was not present at last meeting. Approved.
- IV. Discussion Equity Plan Information Gathering form be completed. The information gathered will go into the Equity Plan regarding the disproportionately impacted student population. E. Cervantes asked N. Dequin to take the form to Academic Senate and/or the Department Chairs meeting on Monday. It was suggested to email to department chairs, student services and other departments to get this out quickly. The goal is to streamline the data. It was suggested to change the language of the form so that the information we would like to gather is communicated better; Carla will draft suggestions and send to E. Cervantes before he sends out the form.
  2. Executive Summary E. Cervantes will continue to work on the Executive Summary and share with the committee soon. It is the summary of what we come up with for the Equity Plan. He will need to look at and present expenditures in a consolidated format. Equity needs to be integrated in every facet of the campus.
